
“I’ll never forget the way I felt when my plane landed in Berlin. I was so nervous and excited. Over the course of the year, the nervous feeling faded and I was left with only excitement. Everything I learned and experienced has been invaluable.

Being an exchange student was one of the best decisions I’ve ever made, and I am a better person today because of it.”

I learned so much while I was in Spain. The adjustment to a new family and school was challenging, but so rewarding! I've come back to the States with a whole new perspective on life, and I can't wait to go back and visit my host family some day.
